THE NEWS OF THE WEEK.

A Daily Resume of Latest Happenings.

OCTOBER 21TH.

Chief Justice Guiffy quit his campaign long enough last week to make a hurried trip to Frankfort and order the records in the Caleb Powers case sent out for consideration by the Appellate Judges, the opinion to be written by Judge O'Brien. The court had agreed to postpone the case until after the November election, and Associate Judge Harman issued a contrary order this week to the effect that the court would not consider any bench cases until after the election.

Dr. Ellis Duncan now indicates regret for the shooting of Bruce Head and hopes for his recovery. Dr. Duncan continues to refuse to deny any reason for his act and his attorney has enjoined upon him the strictest silence. Head's condition continues satisfactory and Dr. Duncan's uncle, W. U. McClure, says that when Head is out of danger he will insist on Dr. Duncan making a statement. Head will not appear against Duncan.

The Confederate Home at Pewee Valley was dedicated yesterday and was formally received by Gov. Beckham. The exercises were attended by veterans from all parts of the State. They manifested the greatest interest in the institution. Col. Bennett H. Young was yesterday elected Major General commanding of the Kentucky division, succeeding J. M. Poyntz.

Miss Nevela Williamson, aged eleven years, was shot from ambush and killed in Crittenden county while returning from church in company with her little brother, Oliver Brown, a young man of the neighborhood. A warrant of arrest has been issued for George M. Reese, a farmer, whose son was shot by Oliver Brown a year ago in a quarrel over Miss Williamson. Reese is an engineer and carpenter, who refused their old places in the sand and gravel mines when they applied for them yesterday. The real question of mining was not general because of the damaged condition of the property. An advertisement of fifty cents a ton in the price of coal at the mine was announced by the operators.

The special grand jury at Lexington has dismissed yesterday afternoon six indictments against Earl W. Stacey and Claude O'Brien. The indictments are for the Chalmers murder and for the several burglaries for which the two boys are accused. P. Morgan & Co., during the past year, are estimated to have received \$12,000,000 in profits from the coal trade. The greatest profit was in promoting the United States Steel Coal. The profit on this is put at \$20,000,000. The coal combinations are yet to be seen.

Andrew Carnegie's plea for a United States of Europe has received with laughter by the politicians. This paper terms it a "silly proposition" and says we hope that Mr. Carnegie will be disappointed. Europe alone is not enough for its own salvation.

The case of Tom Cockerill, charged with the murder of Ben Hargis, is to be tried yesterday at Hampton and a verdict is expected. Several witnesses for the defense testified that the fight was started by Hargis.

The jury in the case of Tom Cockerill, charged with the murder of Ben Hargis, returned a verdict of acquittal yesterday at Hampton.

Rear Admiral George Melville, United States Navy, in his annual report, states that the naval personnel has proven to be a failure. His comment is that the object of the law to make every sailor a "fighting sailor."

Officials of the American Tinplate Company and a conference committee of the Amalgamated Association yesterday reached an agreement that will allow the company to bid on tinplate orders of the Standard Oil Company, which are now being supplied by the Welsh manufacturers.

A letter from Booker T. Washington to the President, which is believed to have brought about the appointment of Judge Thomas H. Jones for the Northern Alabama district, has just been made public. It is said to prove the political influence enjoyed by the negro leader on President Roosevelt.

Gov. Beckham has secured an opinion from Judge W. S. Pryor, holding that under the Constitution he is eligible to reelection. This opinion is endorsed by Capt. W. T. Ellis, former Gov. J. Proctor Knott, Judge James H. Hazelrigg and Mr. Lewis McQuinn. Gov. Beckham in a few weeks will formally announce his candidacy and begin an active campaign.

Hard work is being done by both parties in New York with the hopes of Democratic success increasing. The result of the election will be told by the strength shown by the Republicans up the State. Democratic managers think Odell will not come to New York City with over 75,000 plurality, while it is predicted the Democratic plurality in Greater New York will reach 80,000.

Hufas Cantrell, the negro who was the head of the Indianapolis gang of grave robbers, has claimed that he went to Louisville to carry on similar operations, but that his color was objectionable. Dr. E. L. David yesterday said that Cantrell did come to him and indicated that he could do such work but he was at once given to understand that Louisville colleges secured cadavers legally. Finally, Cantrell was given a pass back to Indianapolis.

Bruce Head, who was shot by Dr. Ellis Duncan, was slaking his last night and his death was momentarily expected. The change for the worse came yesterday morning and the wounded man was in a stupor. Blood poisoning has not set in but it is feared. Dr. Duncan suffered a nervous breakdown but it is thought to be only temporary. The District Attorney states that he will certainly prosecute Dr. Duncan, and J. R. Carter said that if Head recovers and falls to prosecute, he himself will prosecute and "will send Dr. Duncan to prison." It is still believed that Head would not testify against Dr. Duncan. The Pittsburgh police take Dr. Duncan's side and do not believe Head's story.

Some hope was expressed yesterday that Bruce Head might recover from the wound inflicted by Dr. Ellis Duncan, but his condition is still precarious. Mrs. George H. Anthony, of Pittsburgh, states that she has received a letter from Mrs. Duncan, in which she said she had written to her husband demanding of him some explanation of the motives which actuated him in shooting Head. Mrs. Anthony also states that Mrs. Duncan, in her letter to her, said that she thought it was wrong for him to remain silent when her good name and character were being placed in jeopardy. Dr. Duncan and his attorneys still keep their own counsel.

In a brief filed in the Caleb Powers case, Attorney Campbell, for the Commonwealth, cites the fact that Chief Justice Guiffy did not hear the argument. In view of this statement there is some discussion among lawyers at Frankfort as to the propriety of Judge Guiffy sitting in the case.

Attorney General Knox has submitted to the President an opinion declaring that in case the Government decides to accept the new Panama Canal Company's offer of its canal for \$10,000,000, a valid and unencumbered title to the property will be passed.

The National Congress of Amalgamateds held its final sessions yesterday in New York. Some friction developed during the meeting which resulted in the withdrawal of Delegates Haines, of Mexico, from the congress.

Steps for the preservation of the forests of Eastern Kentucky were taken yesterday in the National Appalachian Park convention at Asheville, N. C. The creation of a national forest reserve is urged.

The Indianapolis grand jury yesterday returned twenty-five indictments in the grave robbing cases. Five of the indictments are against physicians, charged with complicity in the acts attributed to the ghosts.

Richard White, of Kentucky, is the oldest clerk in the executive Dept. of the Government. He has spent 60 years in the office where he did it. He is Post-office Department only a second.

The court below will grant the appeal. The Supreme Court has just been made public. It is said to prove the political

amount which he always has on collateral at \$25,000,000. It is said that by calling loans he might cause one of the most disastrous panics in the history of the country. His fortune is placed at not more than \$100,000,000.

At Brooksville yesterday Circuit Judge Harbison dismissed the injunction suit filed by members of the Catholic domination to stop religious exercises in the public schools.

The extent of the will of W. S. Stratton gained a point in the falling of Judge Seeds, at Colorado Springs, that questions in law must be taken up before questions of fact.

Best Liniment on Earth.

M. McFarley, Greenville, Texas, writes, Nov. 2, 1900: "I had rheumatism last winter, was down in bed six weeks; tried everything but got no relief, till I found your liniment. I used it, and got two more bottles. It cured me and I have not felt any rheumatism since. I can recommend your liniment to be the best liniment on earth for rheumatism." For rheumatic, sciatic or neuralgic pains, rub in Ballard's Snow Liniment, you will not suffer long, but will be gratified with a speedy and effective cure. The 50c and \$1 at A. M. Hughes' drug store.

OBITUARY.

With melancholy feelings and sad regret we announce the death of Ernest Borders. The night of Oct. 10th, 1902, death was an unwelcome guest at J. H. Borders' and took away Ernest, the youngest son of Ira Borders.

He suffered intensely with the dreadful typhoid fever three weeks. He was unconscious half of that time. But we think by the answer of earnest fervent prayers of father, mother, companion and many of his friends, his mind was restored long enough for him to make his peace calling and election sure with God. We think that no one could doubt that he was truly and soundly converted two or three days before his death. While some friends were sitting by his bed side thinking that he was sound asleep, his mother said, "Oh, how I wish he would get well. He would live religious and we would be so happy." But Ernest opened his large blue eyes and said, "Mother you ought to be happy anyway. He also spoke several consolatory words and when his breath was getting short he said, 'The angels have come in my room,' and while many friends stood weeping on the shore, he safely passed over.

Ernest was 18 years of age. On last New Year's day he was married to Tisha Borders.

The corpse was taken to the church on Sunday morning and Mr. Hicks and Williams spoke some very consoling words, after which he was conveyed to the cemetery and laid to rest beside his brother who had been dead little more than a year. We extend our heart felt sympathy to the bereaved companion, father, mother, brother, sister and friends, and exhort you to "weep not as those who have no hope."

A Starting Surprise.

Very few could believe in looking at A. T. Huddle, a healthy, robust blacksmith of Tilden, Ind., that for ten years he suffered such tortures from rheumatism as few could endure and live. But a wonderful change followed his taking Electric Oil. "Two bottles wholly cured me," he writes, "and I have not had a twinge in over a year." Try this oil on the kidneys, purify the blood and cure rheumatism, neuralgia, nervousness, improve digestion and give perfect health. Try them. Only 5c at A. M. Hughes' drug store.

OBITUARIES.

Died, on the 20th, Mary E. Marcum, wife of Callaway Marcum. She was born July 4th, 1851, and died October 20, 1902, age 52 years, 3 months and 16 days. She was married to Callaway Marcum Sept. 15, 1869, and they raised four children, three girls and one boy. Two girls and the only son are living and were present with M. L. McNeal, Mr. Marcum's son-in-law from Ashland.

Mrs. Marcum was happily converted to a saving faith in Christ August 7th, and was baptized by Rev. Robert Phillips August 9th. She was formerly a member of the M. E. Church, South. The community has lost a good neighbor, the husband a good companion, the children a kind and loving mother. But our loss is heaven's gain. The remains were taken to the Buchanan church where the funeral was preached, and relatives being present it was concluded to have the funeral of their daughter, Janie McNeal, wife of M. L. McNeal, preached. She was born August 21, 1870 and died October 20th, 1899, age 29 years, 1 month and 20 days. She was converted about two years and was baptized a few months before her death. She was a member of the Missionary Baptist church.

The funeral of both were preached by Rev. A. H. Miller from Phillips, 1 chapter, 23 verse. The remains were laid to rest in the Buchanan cemetery to await the resurrection morn. The bereaved ones have our sympathy.

PEACH ORCHARD.

On last Tuesday morning death visited the home of Jimmie Brown and removed from the family circle their little four year old son, Eugene, who was the very ideal of his parents; but to them comes the only consoling thought, we can meet him again beyond the tomb.

Rev. Cokerly of the M. E. Church South has been holding meetings here at night during all of the past week.

Clarko Meade represented the Masonic Lodge of Richardson in the Grand Lodge at Louisville this week.

Saturday was pay day for the miners here and the general manager for the Peach Orchard Coal Co., says the pay roll was the largest for many months.

W. H. Casner and L. M. Walter spoke in the school house on the evening of the 22nd. We were not out to hear them, but from what we can learn they did all they could to belittle Mr. Kehoe and his party—Oh well, such will occur in campaign times. But truth will stand when oratory has passed away and the fact cannot be denied that James N. Kehoe has done more for the people of the 9th Dist. of Ky., than any Congressman has for years. He has done everything in his power for all his people and his work stands out as proof. Mr. Kehoe is a self-made man. His record in private and public life is clean in every respect. He is a gentleman and a statesman, a debater and an orator of national fame. He is for your best interest, whether you are a Republican or Democrat. "Truth and proven" can be written under his name on everything for the betterment of the 9th Congressional District, and regardless of politics or religion the writer will vote for the champion of the people's rights J. N. Kehoe.

DEMOCRATIC CONVENTION.

WARFIELD

On Saturday night Oct. 11th Lucien W. Davis was found dead just opposite Warfield. Cause of death unknown to Coroners jury next day. He was a great sufferer from phthisis. He was a son of Lucien W. Davis, deceased, who had charge of Warfield under the Floyds during the war of the Rebellion and was aged 36 years. He was buried at the Warfield cemetery on Monday 13th inst, an unusual number of friends and relatives attending the funeral showing his popularity. He was one of the writer's truest friends and great sympathy from all was shown.

On the 20th, Van It Bartram was shot and killed by Isaac Muncey on Big Branch a fork of Wolf Creek just above here. Cause, an old grudge. Bartram's funeral occurred today on Wolfe, his wife was about 33 years. It was this Bartram who killed Green Kirk back of Catlettsburg. Isaac Muncey is at large, but not in hiding and claims self defence.

This morning at 1 o'clock Miss Columbia Chaffin, aged 28 years, died of consumption. She was the daughter of Nathan Chaffin and will be buried by the side of her mother and father in the Warfield cemetery tomorrow. Near all her immediate relatives present.

Mrs. Emily Jane Crisp, an aged lady, who recently died over \$1,400. In pension lists critically ill at her home in our town with heart and stomach trouble and dropsy. We all hope for her recovery, which is doubtful.

The railroad people at work on the tunnel of the N. & W. opposite Warfield are about to shoot us out of town. They are putting in such tremendous amounts of powder and dynamite that life is precarious or uncertain in Warfield from their carelessness. A number of large rocks have passed through our roofs in town but the most destructive weighed 200 lbs which landed on John Dempsey's stable just a few feet back of his store and dwelling (over his store) on last Thursday evening. Whoa the shock and scare was over it was found the 210 pounder had passed through the roof, upper floor, a partition, killed a serviceable horse, tearing out his heart and ribs, thence through the lower floor to the ground. Let us hope they will be more careful in future and not endanger the lives of our people and property.

There is much sickness around us.

Mrs. Dorsey is much improved in health and getting around again. Born to U. G. Miller and wife, a girl.

Born to Mr. Otto Fitzpatrick and wife, a girl. All parties doing well.

Our new M. E. South pastor in charge, Bro. H. H. Glavin spent several days with us and preached in the M. E. Church last Sunday. Also organized a new Sunday School and made many friends.

J. P. Morgan & Co., during the
present year, are estimated to
have received \$12,130,000 in profits
from engineering great combina-
tions. The greatest profit was in
promoting the United States
Steel Corporation, and this is put
at \$20,340,000.

Hon. F. A. Hopkins is making a
close canvass of the Tenth district.
He is an able speaker and is win-
ning votes by his manly fight.
He has exposed the scheme of his
opponent to drive the Republicans,
penalizers and blaylists to the
polls in "blocks of ten." The pros-
pects are that Hopkins will be
elected by a complimentary ma-
jority.

The improvement of the Big
Sandy river is still the greatest
thing our people have to look for-
ward to in the work of our Con-
gressmen. It is now predicted on
all sides that the Democrats will
have a majority in the lower
House next Congress. The ap-
propriation measures must origi-
nate there. Kehoe had the prom-
ise of the support of all the other
Congressmen from this State for a
place on the Rivers & Harbors
committee. For those who have
listened seriously to the argument
put up in favor of Mr. Carter it
would be well to think of this. Mr.
Kehoe can accomplish more for
Big Sandy in other ways than his
opponent. His superior ability,
energy, experience and shrewd-
ness will bring results at any
time, as has already been shown
by his first term in Congress, of
which he was a minority member.

CASNER'S CLAIM

As the Author of a Law is Mis-
leading.

If Mr. Casner is "owned by the
trusts and corporations," as the
Democrats allege, he is a very poor
servant, and ought to be fired for
being the gentleman who secured
the passage of the Kentucky law
that compels corporations to pay
their workmen in cash every two
weeks.

While a member of the Legisla-
ture the Hon. William H. Casner
originated and had passed the bill
that makes corporations pay their
workmen every two weeks, and
this alone will make him many
friends, especially in the eastern
section of the district.—Public
Ledger.

If Mr. Casner has made or is mak-
ing any such claim as the above,
one of two things is true—he either
does not know what he did in when
a member of the Legislature, or he
is claiming credit for something he
is not entitled to.

The credit for originating this
bill and having it passed was
claimed for Mr. Casner, if we mis-
take not, at the convention in this
city the day he was nominated, and
it is being taken up and heralded
through the district by Republican
papers and Republican workers.
They, as well as Casner, are either
ignorant of the facts in the case or
they are wilfully putting up a false
claim. Now the facts as to this law:

The last Legislature did pass a
law requiring certain corporations to
pay their employes twice a
month. It was House bill 135 and
was entitled "An act concerning
the employes and servants in the
Commonwealth." This bill was
introduced in the House on Jan.
11, 1902, by Mr. Bennett, of Ohio
County, and not by Mr. Casner of
the village of Rusin.

The bill became a law on March
21st, 1902, and is the only law en-
acted on the subject by the last
Legislature.

The House Journal shows that
Mr. Casner did introduce a bill on
this subject, entitled "An act to
regulate the payment of wages in
this Commonwealth," but he intro-
duced it, as the House Journal
shows, on Feb. 14th, 1902, over two
weeks after Mr. Bennett's bill was
introduced. Mr. Casner's bill was
House bill No. 310 and so far as we
can learn from the record it was
never heard from after it was
referred to the committee. Mr.
Bennett's bill had been before the
Legislature over two weeks, when
the Hon. William H. Casner ap-
peared on the scene with his little
bill to bring the corporations to
time, so Mr. Casner is not even
entitled to the credit of origina-
ting this legislation. It took him
over two weeks to hear of Mr. Ben-
nett's measure on the subject and
then Mr. Casner rushed his little
bill into the House, and that's all
he ever did do.

We are willing to concede that
Mr. Casner may be resting under
the impression that the simple in-
troduction of his bill made it a law.
The fact that he never called his
bill from the committee would
justify this supposition, but he is
entitled to the benefit of the doubt,
under all the circumstances. If
he is not resting under this im-
pression, then he is wilfully try-
ing to rob Mr. Bennett of the credit
of originating and having this law
passed.

House bill No. 310 was the only
one Mr. Casner introduced in the
Legislature, and as we have stated
it was never heard from after it
was referred to the committee. He
never made a single committee
report, and never had a word to
say in the House on any ques-
tion, important or otherwise, so
far as the record shows. In in-
itiative work in the Legislature his
record is a blank.—Maysville Hal-
lelt.

Ex-Congressman Pugh said dur-
ing his last campaign that it took
him two years in Congress to find
where to hang his hat, two years to
find his way to the committee rooms
and his last two years to get well
enough acquainted with the ma-
chinery to know how to accom-
plish anything for his constituents.
The people promptly decided that
he was too slow and gave Mr. Ke-
hoe a trial. It took Kehoe less
than two minutes to find the hat
rack, two minutes more to enquire
about the committee rooms, and in
two hours he was doing busi-
ness. There are no longer pre-
liminaries and preliminaries with
his work. He is always ready and
goes right straight after the work
is before him and he very seldom
fails to land it. That is the kind
of a man to have in Congress, one
who can accomplish things. Ke-
hoe has done more important work
in one session than any other Con-
gressman from this district ever
did in his entire service with a
possible exception.—Ky. Democrat.

Congressman Kehoe is strictly a
self-made man. He knows noth-
ing better than how to work hard.
He first learned the printer's trade
and before he reached his majority
was known as one of the finest
printers in the State. He then
took up the study of law and has
succeeded in that as in everything
else. Fair financial returns have
come to him along with his success
in these lines. "Nothing succeeds
like success." The same qualities
are necessary to make a good Con-
gressman as are required to bring
success in a business or profession-
al career.

Every indication points to the
election of a Democratic Congress
next Tuesday.

PAINTSVILLE.

Since our last letter to your val-
uable paper our October term of
Circuit Court has been held.

Len Wells was sentenced to ten
years confinement in the peniten-
tiary for killing John Mollett.

Len Pennington was given one
year for breaking into a house and
stealing some meat. Two of Pen-
nington's sons, George and Jack,
are in the penitentiary, serving
two years each for killing Wall's
Hill. "Whatsoever ye sow that
shall ye also reap" was written for
the Pennington family as well as
for other people.

The teachers institute for this
county was conducted last week
by Prof. John Burk. Prof. John
Wirt Dinsmore was in attendance
and delivered some fine lectures.

Monday last, a little daughter
of W. H. Vaughan. The little
child was the only daughter, and
perhaps was loved more by her
parents on that account. The loss
to parents is great but the sweet
little girl has evaded the responsi-
bility and the temptation to sin
and has gained a home in heaven.
Ricketteller.

County Supt. George M. Jahn-
son, who tell from the hotel win-
dow in Paintsville some time
ago is able to walk around on his
crutches, but did not reside much
of the time at the institute. Prof.
Milton McDowell was Vice Presi-
dent and Ralph Stanford was Sec-
retary. A large per cent. of our
teachers are young men and wom-
en who have just recently entered
the profession of teaching.

Kent Akers is intending to
publish a non-partisan paper, the
Paintsville Leader. The first issue
is being published this week. We
speak for the paper a success as
Warren Week is one of the editor-
ial staff and Mr. Akers is a promi-
nent business man, and Lenny
Hall is foreman.

Rev. Nelson, of the M. E. Church,
South, preached interesting ser-

evening. He is a fine sermonizer
and a good orator, giving general
satisfaction.

Rev. Oakes is still pastor of the
Christian Church and continues
very popular and successful.

Rev. W. W. West, pastor of the
M. E. Church, is very popular and
will no doubt be successful in his

pious and intelligent man and
broaches with great earnestness.

Paintsville has four Sunday
Schools, Baptist, Christian, M. E.,
and M. S. South. They are all in
good condition.

We are being troubled just now
with bitterns and extracts said on
the sly in violation of the law.
Bitterns containing very little but
some whiskey. We hope to get
rid of the nuisance soon.

Word has been received here of
the death of Thomas J. Reynolds,
the president and principal stock-
holder in the Standard Lumber
Company. His death occurred in
New York where he had been for

some time, and was due to a com-
plication of diseases.

Mr. Reynolds had been a resi-
dent of this section for a number
of years, making Huntington his
headquarters, and was well known
in business circles. Besides own-
ing the greater portion of the
Standard Lumber Company, he
was interested in other business
deals. He was about fifty-six
years of age at the time of his
death.

His son will arrive from the
East and will take charge of the
affairs of his father in this section.

Samuel Justice, a young man of
Hoghead, Carter county, who was
a member of the Second U. S. In-
fantry, was given a trial by court
martial at Ft. Thomas on a charge
of desertion.

In 1899, while the Second Infan-
try was stationed at Ft. Thomas,
Justice was granted a 30 day fur-
lough to visit his home. Ere that
time expired his regiment received
orders to return to Cuba, and his
commanding officer, Capt. Abner
Pickering, of Co. G, notified him to
return to duty at once. This he
did not do, and was posted as a
deserter.

In April or May last Justice was
apprehended by the Ashland po-
lice, by whom he was taken to Ft.
Thomas and turned over to the
government authorities. Justice
claimed that he had reported to
Sergeant Will E. Farrow, in charge
of the Ashland recruiting office,
but that this official would not re-
ceive him.

Sergeant Farrow was summoned
to Ft. Thomas last Sunday as a
witness. His evidence and records
were very satisfactory to the court
martial officials, and Justice will
be likely to receive a heavy sen-
tence.

Garrett, at Lando, Mexico, returned

Luther M. Walter, of this place, has been appointed to a position in the Appeals Department of the Pension Bureau at Washington City and ordered to report for duty at once. The place pays \$2,000. It is a desirable position in every respect.

The Courier-Journal's Washington correspondent Tuesday said:

The Secretary of the Interior announced today that he had appointed Luther M. Walter, of Louisa, Ky., a member of the Board of Pension Appeals. The appointment, which pays \$2,000 per annum, was given Mr. Walter at the request of John W. Langley, disbursing clerk of the Census Bureau.

The Appellate Court at Frankfort, Judge Hobson writing, reversed a judgment of the Railroad Circuit Court in the case of Josie Worthington against A. Dee Sublett and others, and basis of the decision of a County Superintendent in the matter of issuing teachers' certificates are purely ministerial. The action was by Miss Worthington for a mandamus against Miss Sublett, the County Superintendent of Ballard county, to compel her to issue a certificate on recommendation of the Board of Examiners of the county. The board had recommended a first-class certificate, but the Supt. was willing to grant only a second-class certificate. The court below dissolved appellant's petition. The Court of Appeals sustains the case with directions toward the superintendent as prayed.

Speaking Last Saturday.

Saturday last was a good day for the Democracy of Lawrence. It was ideal so far as weather was concerned, and the town of Louisa was filled with voters of both political parties, drawn by the widespread announcement that Commissioner of Revenue Yerkes was to make a speech. He made one, a scholarly, good-tempered speech, well presented from a Republican standpoint and not devoid of eloquence. It was attentively listened to, and the applause, led by some local and nearby "workers" was generous. The speech fell very far short of producing the enthusiasm which was expected. Kehoe beat him out of sight in this particular last Monday. With his well rounded periods, excellent English and patriotic allusions Mr. Yerkes charmed those of his audience who could appreciate such addresses. Kehoe, with his earnest manner, the cold logic of fact and unanswerable argument, inspired enthusiasm and made votes, and these make the showing we want and will have next Tuesday. If Mr. Yerkes does no more for the other localities he has spoken in than he did for the good of the Republican cause in Louisa he might as well have remained in Washington.

But we said that last Saturday was a good day for Lawrence county Democracy. A great many of our citizens had, up to that time, failed to meet Hon. Mr. Castner and hear the witchery of his tongue and learn just exactly how much he would do for them when (oh, woe!) "when" he got to Congress. Well, taking advantage of a crowd he never could have gotten together he spoke a piece to the crowd in the Court House. It fell like a lump of lead. Very many of his unwilling hearers had heard Mr. Kehoe, and the contrast itself was enough to win many to the standard of the man from Mason county.

But the gem of the day was evolved from the innermost recesses of a gentleman who opened the show. The spontaneous bubbling Billie Selitz, from Morgan, "bumped" in Louisa that day and was persuaded to make a speech. He "didn't expect to make a speech"—bless you, the "Major" never does "expect"—but he holds a deputyship of some sort, and you know everybody wearing the collar is expected to do something about election times to pay for his keep. More than half have been converted over this district for several weeks. So Balm—beg pardon—Billie opened his mouth and spoke. All who knew the Major know just what sort of a speech he can make, and they can tell the others. So, on the whole, it was a rattling good day for the Democracy.

Summed up briefly Mr. Yerkes' position on the subject of trusts is about like this: Trusts are a good thing. If they are bad, why, don't forget that John Sherman, a Republican, is the author of the only anti-trust law ever passed, but they are not bad. The man who borrowed a kettle and returned it broken used precisely the same argument in defense of his action. "I never borrowed a kettle, it was broken when I got it, and it was soiled when I returned it."

The whole burden of the speech, as made in the Court House last Saturday was that if we expect to get anything for Big Sandy we must send a man to Congress who will be a majority member. Well, how many towns was Pugh, a majority member in Congress? Three, wasn't it? What do we want to send another "majority" man for?

We were accused Saturday of having but one platform, and that is to oppose any measure proposed by Republicans. Well, even if this were true, would it not be sensible, patriotic, and consequently Democratic?

Louisa Graded School.

This school opened most promisingly on September 22d. Since that time there have been admitted 225 of whom 8 have left, leaving on roll October 17th, 221. The average attendance was 167; average tardiness 1; cases corporal punishment 9. The teachers most cordially invite parents to visit the school, as experience teaches that nothing will more surely stimulate the energies of the pupils.

The following pupils have been neither absent nor tardy during the month:

First Room—Mattie McKee, Hollo-Thomas, Willie Jenkins, Leslie Hill, Willie Austin.

Second Room—Lizzie Bromley, Nina McHenry, Margaret Lackey, Jettie O'Neal, Cora Meek, Tiny Jenkins, Clara Bromley, Milton Wreten.

Third Room—Hester Boggs, Lydia Cannon, Addie Jones, Rebecca Lackey, Sheldie Lee, Plannio McKee, Nora Sammons, Lizzie Ward, Oscar Blankenship, Jimmie Hatcher, Roy Hensley, Junior Lackey, Oscar Sammons, George Waldeck.

Fourth Room—Clifton Turner, Chris Sullivan, Rowland Horton, Dair O'Neal, Rollie Ferguson, Earl Justley, Vessie Ward, Mary Evans, Nella Boggs, Daisy Shannin, Fay Hensley.

Fifth Room—Nell Conley, Heng Lee, Karl Wilson, Oscar Shanoun.

Two Robbers Convicted.

The four criminals who robbed the Louisa postoffice are now all in the penitentiary. The last two were tried and convicted last week at Covington. They were Fred Dillon and H. T. Emmett. The former was sentenced for five years and fined \$5,000, and Emmett was given two years and a fine of \$5,000. In speaking of the trial the Cincinnati Enquirer says:

"In H. T. Emmett, convicted of robbing the postoffice at Louisa, Ky., on the night of December 29, 1901, the Atlanta Penitentiary will have in its confines one of the shrewdest criminals sent from any United States Court."

Emmett's alleged associates at the time of the robbery were T. Burns, alias Walter Johnson, alias "Hoosier Tom"; Fred Dillon, alias Frank Decker, alias "Hamilton Fatty"; and Charles Gleason, alias "Indiana Slim." Emmett's aliases are Henry Berg and Harry Strang. There were about 16 of them.

When Emmett's case was called he entered a plea of not guilty. He stated to the Court he would defend himself, and the attorneys, as well as those present, were surprised, as all criminals, as a rule, have the attorneys to defend them. There were numerous witnesses who testified for the prosecution, and all but about four of them stated that they fully identified him. At the time of Emmett's arrest at Little Rock, Ark., he had neither mustache nor beard. While confined in jail he grew a heavy mustache and goatee.

He cross-questioned the witnesses like a professional, and the attorneys in the room looked with astonishment at each other.

After all the testimony was in Emmett addressed the Court and jury like an old barrister.

IN MEMORIAM.

In Sunday School, M. E. Church South, October 25th, 1902.

"Leaves have their time to fall, And flowers to wither at the cold wind's breath: And stars to set—But all, Thine last seasons for thine own. Oh Death."

It seems but a few short weeks since Mr. Emmette S. Ferguson, in the flush of health and the strength of manhood, went out from among us; and exceeding sorrow filled our hearts when we heard of his death.

Ever since he came to our town he was a faithful scholar, a faithful, efficient teacher in our school, his eloquent and pure life, his marked intelligence, his kind and genial manner, he endeared himself to us all. We loved him. We miss him.

His sisters, to whom for years he had been both brother and father, have our deepest sympathy. And oh! for his heart-broken wife and darling little James Emmette, how we pray that he who is the friend of the widow, and father to the orphan, may ever bless and keep them, and all they and all of us may so live that we may meet him and each other, in that Blessed Land that,

"Knows no sorrow, knows no crying, Knows no parting, knows no dying."

SAGINAW, N. C.

I left here August 10th, and reached Saginaw August 19th, and found a much pleurer country than I expected, and considerably cooler than eastern Kentucky. I am told that frost has been seen here every month in the year, and since Sept. 1st there has been frost in great quantities every morning. We are 7500 feet above the sea level. There are scarcely any hills here that will exceed 500 feet in height, except the Grandfather mountain seven miles north of here, which is 5,600 high, and it is a great attraction to new comers. A fine road winds up its rugged slopes to the highest point, which is traveled by thousands of people. From the top most all the western part of the state can be easily seen, and the greatest mountain scenery my eyes ever beheld. The forest here is mostly evergreen, such as white pine, hemlock, larch and laurel. The W. M. Ritter Lumber Co., manufacturers of white pine and hemlock, (with whom I have a plantation) are operating here to a great extent.

There are several fine summer resorts near here, and towns and villages too numerous to mention. Seven miles south of there, on Lynville river, is a falls where the water from the river pours over 318 feet high. This is also a fine summer resort. The purest air that was ever breathed is here, and the purest water that was ever drunk is flowing down the white pebble streams. W. P. Castle.

SOFT CORE

Like the running brook, the red blood that flows through the veins has to come from somewhere.

The springs of red blood are found in the soft core of the bones called the marrow and some say red blood also comes from the spleen. Healthy bone marrow and healthy spleen are full of fat.

Scott's Emulsion makes new blood by feeding the bone marrow and the spleen with the richest of all fats, the pure cod liver oil.

For pale school girls and invalids and for all whose blood is thin and pale, Scott's Emulsion is a pleasant and rich blood food. It not only feeds the blood-making organs but gives them strength to do their proper work.

VATTSVILLE

The family reunion at the home of our honored citizen, George Carter on last Sunday, was an event long to be remembered. The number of the guests, the gathering of the sun, and the pleasant day, gave new pleasantness to the occasion. Those present were: Geo. M. Carter, an excellent and prominent lawyer of Louisville and his family; also, George P. Carter, a prominent farmer and cattle breeder of Painesville, with his family. These, being the only surviving members of the family, made complete the joy of the day. Next, for high noon pulled his still and hour round and with it came the family sound "blimey", and just such a dinner as Mrs. Carter alone can prepare. On replying to the limping hall the hungry guests did not have justice to the delicious feast spread for the occasion. No one knows more of the in character of an occasion of this kind than Mrs. Carter. Although in the best of health, she made the day one of the most pleasant within the scope of the lives of the two sons, Bert and Al, as they are familiarly known.

Mrs. Molly Thompson, of Adams, visited relatives here last week, her first visit here for thirteen years.

Mr. and Mrs. M. H. Parns and their daughter, Kiska Gray, were here last Sunday, and gave us a true example of "camping" on the great plains on the western frontier, but then Milt knows how to perform many acts normal in rural life.

Luther Walter, the famous "pennant puller" was through here last week telling how it is that W. H. Foster, Ketch's opponent for Congress, doesn't resemble his "poster" (figure) sent out by some "big" photo man, thinking thereby to deceive many people who, of course, will not see the private member of the Kentucky Legislature, but then we know Ketch's majority will be twelve to count.

GOOD LIVING

Quite often results in bad health, because what is termed "good living" is usually the gratification of the palate without reference to the nutrition of the body. When a good liver is a business man and rises from a fastidious to a gluttonous at once into work requiring mental effort the result is almost sure to be disastrous, because digestion draws upon the same nervous forces which are employed in thought. In time the stomach becomes disordered, the processes of digestion and nutrition are imperfectly performed, and there is a physical breakdown.

Dr. Pierce's Golden Medical Discovery cures all diseases of the stomach and other organs of digestion and nutrition. It cures indigestion, the effects of which originate in the system as a consequence of imperfect digestion. It gives health to the whole body.

I wish to say to the world that Dr. Pierce's Golden Medical Discovery has proved a great benefit to me. I have been a sufferer from indigestion for many years, going through a course of treatment without any real benefit. In September, 1902, I had very sick spells and grew so weak that I could not get on my feet. I decided to take Dr. Pierce's medicine, and I am glad to say that I am now in perfect health and feel like a new man.

Dr. Pierce's Golden Medical Discovery is sent free on receipt of stamps to pay expense of mailing out. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

Mr. and Mrs. K. M. Challa left here to visit friends in Kentucky.

A pretty little wedding occurred Saturday evening at the residence of Mr. and Mrs. John Burchett of Erie Street, the occasion being the wedding of their daughter, Miss Maude, to Hiram Huchett. The ceremony was performed by Rev. J. M. Howard, of the Methodist Church. The home of the bride was very nicely decorated with flowers. The bride wore a costume of white tulle and lace. Miss Maude was attended by bridesmaids. The groom wore a suit of white tulle. The bride's maid was Miss Jennie Challa. After the tying of the nuptial knot, the young people marched into the dining room where a sumptuous supper was served. Coronation.
